

CARL GANTVOORT  
leading role in "Robin Hood"  
"I always fill my pipe with Tuxedo.  
Tuxedo and I are firm friends."

JACK HENDERSON  
of the "Pink Lady" Company  
"Loud cheers for Tuxedo. My  
favorite—always. I put new zest  
into my singing after a pipeful of  
Tuxedo. I find Tuxedo a real  
voice help."

DONALD BRIAN  
starring in "The Marriage Market"  
"I have found that the use of  
Tuxedo does not interfere with my  
singing. On the contrary, I've never  
indulged in a more satisfying, more  
really beneficial smoke."

## Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

## Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

## Proposed New School Building For Ripley, O.

The above is a picture of Ripley's proposed new \$75,000 High School building. Note its magnificent lines of architectural beauty and system of lighting. Ripley's present High School building has been condemned by the state officials of Ohio. The people of Union Township will no doubt vote almost unanimously in favor of the construction of the new building. It will be the greatest boost that Ripley could give herself.

The styles in ear steps, by the way, As everyone confesses, Don't fit in very well today. With current styles in dresses.

Thirty million dollars was the value of California's grape crop for 1913.

A \$1,000 12-passenger touring car being used as a transfer between Manchester and West Union caught fire and burned last Friday. It belonged to Ironton parties. The three occupants escaped without injury.

### ROAD CONTRACTS LET

Highway Commissioners Distribute Much Work In Ohio.

Columbus, Ohio.—Contracts for constructing 27 miles of improved roads at a cost of \$750,000 were awarded by the state highway commissioners. One, said by Commissioner Marker to be the largest single contract for highway construction ever awarded in the United States, was for the paving of 1.62 miles of the old National Pike in Belmont County.

The contract was awarded to the Adams Brothers Contracting Company of Zanesville for \$23,894. The work is to be completed by October 1, 1915.

107 West Front Street.

## GEM TODAY!

PERFORMANCES START DAILY AT 1 P. M.

What became of the old-fashioned theory that a short man could do more more than a tall one, due to the fact that he was closer to the ground?

DIDN'T KNOW A SCOP WHEN HE SAW IT.

In the July Woman's Home Companion Daniel Frohman, the well-known theatrical manager, writes an exceedingly interesting and helpful article entitled "How to Write a Moving Picture Play." He opens his article with a statement of the importance of imaginative powers in all such work and tells the following story of an imaginative and therefore unsuccessful newspaper reporter:

"A newspaper reporter was assigned to write up a wedding; but when he went to the church there wasn't any wedding, as the bridegroom had not appeared. So the reporter hurried back to the office without his 'story.' He did not have the imagination to see that a greater 'story' lay back of the fact that the wedding had been postponed."

A woman can learn more in the course of a three-weeks' visit than a man can pick up in four years at college.

The Cabinet formed by Alexander Ribot was defeated in France on the first division in the Chamber of Deputies.

### THE FLIRT'S TEMPTATION AFTER MARRIAGE.

In the July Woman's Home Companion appears the story of a coquette. Following is an extract: "I had liked being a favorite when I was a girl but now there was an added relish to it. After marriage, when one knows that one's powers have ripened, there comes, I think, to the woman who has been a belle and a coquette the supreme temptation. The old days and ways call to her. Where is the old power? Why, there within her very hands, of course, not relinquished, only unused, and that power is stronger than ever. Then, too, she presumes on the safety of her position."

Special prepared paint \$1.25 per gallon at HENDRICKSON'S.

Lengthy litigation over the estate of William Ziegler has terminated by Miss Florence Brandt being given \$375,000 for her share of the estate.

THAT TERRIBLE BACKACHE from which so many women suffer is significant of organic trouble. It tells, with other symptoms, such as headaches, nervousness, and depression, that nature requires assistance. For forty years Lydia E. Prakhams Vegetable Compound, a simple remedy made from roots and herbs, has been the one effective remedy in such cases. It speedily removes the cause and restores the system to a healthy normal condition.

### OVER A BILLION BRICK

Hudson River Region a Great Brick Center.

The Hudson River region produced 1,025,308,000 bricks in 1913, valued at \$5,636,061, according to a statement by Jefferson Middleton, of the United States Geological Survey. Large as these figures are, they show a decrease of 207,879,000 bricks and \$1,497,116 in value compared with 1912.

New York City is the leading market for common brick in the United States, hundreds of millions of bricks being used there annually. The principal source of this supply is the Hudson River region, extending from New York to Cohoes on both sides of the river.

The principal use of the brick made in the Hudson River region is in the building industry of New York. Notwithstanding the fact that the expenditures for building operations in New York City decreased about 35 per cent. in 1913 compared with 1912, the number of brick marketed decreased less than half as much, thus showing that the use of brick in building is expanding and that they are also being used more extensively than ever before for other purposes, such as sewers and subways. The "back to brick" campaign is apparently having its effect, not only on the demand for common brick, but also on that for the higher grades of building brick and other clay products, such as hollow building brick, tile, and terra cotta.

The average price obtained for the bricks in 1913 was \$5.50 a thousand.
